Overview

From our founding in 1945, Kelly Services® has continued to identify what's next for both job seekers and employers as the world of work has continued to evolve. Connecting talented people to companies in need of their skills is at the very heart of what we do. We help people ditch the script on old ways of thinking about temporary talent and embrace the value of all workstyles in the workplace.

Our specialization in education began in 1997. Since that time, Kelly Education has grown to be the largest and most experienced employer of substitute employees nationwide, supporting 8,640+ elementary, middle, and high schools in public school districts as well as private and charter schools across 35 states. Through our talent solutions, Kelly Education provides schools with real budget savings opportunities as well as gains in operational efficiency.
