Overview

Minga is your all-in-one campus management solution for bringing school operations into the digital age. Forget about the old days of paper, spreadsheets, and time-consuming manual tasks. With Minga, things like hall passes, school check-ins, tardy slips, behavior reports, rewards, and attendance are all a breeze. This means less busy work for staff and more time spent on helping students succeed. Foster a climate of safety, accountability, and engagement that skyrockets K12 schools toward excellence.

Minga is primarily used by students and school admins/teachers as a mobile app (Android or iOS App) and is also available as a web based application that can be accessed in the browser on a desktop, laptop or Chromebook. Each School have their private Minga and members of the school community including students, staff and parents are invited to that specific Minga so that every user in a school's Minga account is a verified and authorized user.
