Overview

SteelSentry is a manufacturer of Industrial, Technical and Laboratory Furniture.

Representing Divisions 11 & 12.

SteelSentry can assist with simple tables, as well as turnkey laboratory builds, starting with the initial design/layout of the lab, provide CAD drawings showing the floorplan and elevations, all the way through installation of the furniture. This includes Fume Hoods and Biosafety Cabinets

Consultation and design services are included free of charge.

We employ our own salespeople/consultants and sell direct, eliminating the hassle of working with a 3rd party dealer, allowing easy access to the manufacturer and full transparency. Your rep remains your sole point of contact from the initial conversation to final delivery of the product, or completion of the project.
