Overview

Goto Automation provides design, installation, programming, service, training, consulting and commissioning of building automation systems. Our services range from troubleshooting existing systems, to new construction commercial & municipal buildings, to providing building automation sensors and controllers, to providing retrofits for existing systems. Goto Automation has experience with various platforms including Distech Controls, Siemens, Trane, Johnson Controls, Alerton, and Honeywell. We employ Niagara Ax/4 certified technicians who are experienced with the various vendor's of Tridium.
