### Overview

HPFi (High Point Furniture Industries) was founded in 1958 and remains a privately held, woman-owned business. Initially producing novelty furniture for the home (TV stands, record cabinets), High Point Furniture entered the office furniture market in the 1960's with the market's first budget-priced, non-steel desk. HPFi currently markets laminate casegoods, upholstered lounge seating, swivel office and executive seating, collaborative tables and seating, guest/ganging seating and healthcare-specific furnishings - all manufactured in High Point, NC. HPFi primarily serves the contract, education, healthcare and government. HPFi can modify virtually all products and the option of COM (customer's own material). Contact Customer Service for a quote on custom or modified products.
