### Overview

MP2 Energy LLC d/b/a Shell Energy Solutions, a subsidiary of Shell Energy North America (US), L.P. ("SENA"), hereafter referred to as "Shell Energy", is a Retail Electricity Provider ("REP") headquartered in The Woodlands, Texas. Shell Energy is a top-tier power company providing comprehensive power solutions to end use customers on both sides of the meter. Shell Energy offers a variety of integrated energy solutions to help your business control costs, manage emissions, mitigate risks, and increase operational efficiencies. This may include any number of the following: retail delivered power, bundled or stand-alone renewables, QSE services, demand response, asset management, and behind the meter energy efficiency and optimization options. The Shell Energy team of experienced professionals are committed to providing performance, efficiency, and customer satisfaction. These teams work interactively to manage many projects, and they have additional support through our parent company, SENA. Shell Energy globally has the scale, expertise, and ability to meet our customers' needs across various businesses through integrated offers. As part of a fully integrated energy company, we understand how dynamic market conditions can impact your business. Our experience, in combination with our financial strength, allows us to create market-driven solutions customized to meet your evolving energy needs.
