### Overview

*Established in 2003, Quantum is a full service design build Mechanical, Electrical, Plumbing, Installation, and Energy Engineering Company. We have the common sense to implement cost effective, reliable solutions for your Company's problems / issue.*

?

*Our approach to our clients is simple. Their comfort is our business. We establish a site specific team approach and hold ourselves accountable for our work. Our project management solutions provide a continuous stream of project information that is specifically tailored to each project.*

?

*Quantum has a full time staff of over 100 employees. Our unique and all inclusive team consists of Professional Engineers, Project Managers, Pipefitters, Welders, and Certified Service Technicians. With headquarters located in the Dallas / Fort Worth area Quantum has shown consistent, annual growth which is a testament to the work we do and all the repeat customers we have.*

*At Quantum, our business model is to develop and maintain mutually beneficial relationships with our customers. This is apparent in our long-standing partnerships with our existing customer base. As your partner on site, we will provide key local personnel for project management and engineering that will ensure that your expectations are met, surprises are avoided, and schedules are maintained.*

?

While Quantum headquarters are located in North Texas we can provide our unique services all over the country as we are licensed and have performed work in many different states.
