Overview

IQS Inc is an experienced custodial services provider specializing in educational facilities since 1998. From smaller districts like Lexington ISD and La Grange ISD to larger campuses like Texas A&M University, we have proven that we know how to onboard, train, retain and develop custodial services staff while supporting excellent learning environments.

IQS Inc is a family-owned and family-operated firm, and we hear from our staff that they enjoy the family atmosphere. Our reputation is personal to us. As a certified minority-owned firm, we can also bring a demonstrable commitment to diversity to the communities we serve.

IQS Inc can seamlessly support custodial services part of your facilities and maintenance department, and also liaise with administrators and educators daily to assure special needs are met and any issues are resolved immediately. Our quality control and inspection program helps us identify training opportunities and assures that we are attentive to needs of every part of the campus.

The largest custodial services trade organization in the world, ISSA, has awarded IQS Inc the Cleaning Industry Management Standard (CIMS) with Honors designation. This means that a rigorous third-party audit found us to be outstanding with regard to training, management, and contract compliance.

We understand the ebbs and flows of school environments, so we can anticipate the needs of the cafeteria during meal times, the importance of being available for spills and emergencies, and how sports events require special attention. We also understand the importance of cleaning during school break periods in order to keep the campuses looking their best.

When it comes to staffing, we place importance on background checks and thorough training. Our site manager will be 100% dedicated to your district or campus to assure that staff are present, uniformed, trained, motivated and supported to achieve their best every day. This site manager will also be supported by upper management to assure that he or she receives mentorship and guidance. We measure our results through customer feedback, contract renewals, and employee referrals and retention.

Our customers can verify that IQS Inc is a quality-focused, reputable partner that can provide value and support, allowing the district to prioritize more daily attention on education, teaching, and students.
