Overview

Inception Lighting's Color Changing, "Cloud" Controlled, LED architectural accent lighting is a high-tech, cost efficient, perennial solution to the troublesome annual problem of installing, maintaining and changing holiday and event lights in a Commercial, School or Municipal setting.

Our sophisticated product takes exterior lighting to a whole new level with a near infinite variety of color-changing lighting schemes and easy to use "Cloud" control technology.

You can create the perfect ambiance year-round without detracting from your building's exterior. During the day our product looks like decorative molding, designed to line the top edge of a structure. At night our product provides bright, color changing lighting that communicates a holiday celebration or special occasion.
