Overview

Welcome to the Culleoka Company. We are an approved GSA Contract Holder and we specialize in non-toxic Natural based products. Our mission is to produce products that not only work but work hard for you. We are here to eliminate the toxicity generally associated with cleaning and make it easier for you!

We believe that a healthy building is one that is clean, safe, and free of unwanted chemicals. Our mission is to help facilities achieve this goal using proven, non-toxic solutions. We formulate and specifically design solutions to treat a wide variety of indoor environments including restrooms, kitchens, wastewater, grounds, healthcare and more. Our building blocks start with probiotics (multiple live strains of good bacteria). As an industry leader, we understand product selection in your environment may be overwhelming. That's why we've made this decision easy for you. We'll help you evaluate the most effective and cost-saving solutions available.
